REBUILDING The Broken Down Structure.

Paine's Celery Compound

Repairs the Diseased Parts of the Human Body and Establishes Health, Comfort and Happiness.

Can we rebuild our pain-racked, emaciated and wasted bodies? Yes, the work can be done even though the spark of life glimmers but fitfully and feebly. This work of rebuilding can only be effectually accomplished by the use of Paine's Celery Compound, that marvelons medicine that has

saved so many lives in the past. Pnine's Celery Compound, nature's fortifler and builder, acts directly on the great nervous system, giving pure, vitalizing blood, nerve force, digestive vigor, refreshing sleep and increased weight.

Begin the good work of health building te-day. Take home a bottle of Palne's Cel-ery Compound, use it faithfully, and you will have cause for rejoicing and thanksgiving. Mrs. James Arthur, Spokane, Wash, a lady almost helpiess from cruel rheumstism and terrible neuralgia, and cured by Paine's Colery Compound, writes

"I have suffered for three years with neuralgia and rheumatism, and tried many different remedies which would give me only temporary relief. From last January and through the spring months, I suffered terribly. I could walk but a short distance and some days not at all. I used Paine's Celery Compound and have not been troubled since. Before using the Compound my knees were so bad I could not get down or up, but now I can walk a mile or more every day, with no stiffness or lameness in the joints.

The Pirates have come and gone for th last time this season. Yesterday afternoon they walloped the Cardinals once more before a crowd that was not a crowd-just a handful of spectators who didn't see much in the blue Monday exhibition to enthuse

The ice began to form before the first half of the first inning was over, and the steady drop in the temperature froze the congregation into silence, except for occa-signal breaks induced by some play that was better than others, which were not very good. At such times the applause reminded one of the Roman mob growling be-hind the scenes for 25 cents per. The score

was 6 to 1.

Between Manager Donovan and Robertus Wicker it was fixed up that the Pittsburg farewell party should be the occasion for Wicker's reappearance on the diamond stage. Sad to relate, the plan was carried out. Wicker is no "bud," but the Pirate-liked him very much. In fact they thought he was intense. was 6 to 1.

out. Wicker is no "bud," but the Piratesliked him very much. In fact they though he was intense.

They handed him compliments in the shape of singles, one, two or three basers, whichever the doctor prescribed. After Wicker had remained on the firing line long enough to get "his," Manager Patsy hikeo him to the bench. The game had been a lively affair up to that time, only from a Pittsburg standpoint. The Cardinals have been known to overcome a lead of three ran, but they didn't have up enough steam yesterday to run a toy engine.

Of course, when the damage was done it could not be repaired, and Donovan put a bridle on his new twirler, McFarlan, the deceiving end of the Cedar Rapids battery. The receiving end had been at work from the start. Weaver handled Wicker's shoot nicely; that is, he caught those that the Pirates failed to land on. Eleven hits he been registered off Wicker in a half dozet innings, and then McFarlan made his majo league debut under conditions that were quite as cheering as the presence of a hangman before the drop is sprung.

M'FARLAN MADE GOOD.

M'FARLAN MADE GOOD.

M'FARLAN MADE GOOD.

The Cedar Rapids pitcher proved to be the goods and had he twirled the game through the Pirates would have been hard pushed to stow away the finale. In the three innings that he pitched, McFarian displayed nice control. For a pitcher making his first appearance in the big leagues and against the dreaded champions, he was as cool as a chunk of liquid air.

The Pirates didn't look so had to him and The Pirates didn't look so bad to him and he laid them right over into the big mitt of his old pal, Weaver. While he was in the box, Pittsburg got but one hit and that was quickly discounted by Weaver, who

Farrell's bunt gave Sammy Leeyer a chance to let out a few links in his throwing arm.

laid out the hitster when he tried to steal. The Cardinals made the splendid record of only two errors in three innings and owing to that elegant support the Pirates were intimidated and failed to secure a run off McErcien

to that elegant support the Firstes were intimidated and failed to secure a run off McFarlan.

Fatsy and his bunch were left at the post. The Pirates got away with a cluster of three, drew three ciphers, and came back with a pair of runs in the fifth inning, topping off with an ace in the sixth. "Rusty" Beaumont thought that "Bedford Bob" Wicker was just the nicest man, for every time the tow-headed Wisconsin youth faced Wicker he bagged a hit. He would have made a clean record, but for the entree of McFarlan, who refused to be hung up for even a single. Beaumont got on base every time he came to bat for Nicholis's muff in the ninth gave him a life which was taken from him at third base by "Red" Calhoun. Jimmy Sebring had a very large day also, his first three efforts resulting in hits.

PIRATES OFF IN FRONT.

PIRATES OFF IN FRONT

PIRATES OFF IN FRONT.

When the fing fell the Pirates were out in front before the Cardinals had a chance to head them off. Beaumont led off with a double. Clarke singled. Beaumont scored on Leach's fly to Smoot, Clarke advancing on the throw in to the plate. Sebring rapped to left.

Plans and specifications for a double steel were handed around, and when Sebring made his dash Weaver threw to head him off. The throw was very much ping-pong and so short that Farrell could not handle it in time for a perfect return to the plate, and Clarke scored. Bransfield popped to Kruger, but Jimmy Burke countersigned Sebring's transportation to the plate with a stab through the right side of the Infield. The ball bounded over Nichols and was fumbled by Donovan, Conroy could

not pry the North Side boy off third, ex-piring on a tap to Wicker.

SEBRING'S CIRCUS CATCH. Bransfield's must in the first inning allowed Smoot circuit privileges, but Schring spilled ink on the programme when he did some fall plowing and grass-catting in shallow right field. Barclay's fly, a Texas leaguer, looked so safe that Smoot sped on

leaguer, looked so safe that Smoot speed on to second.

Sebring boarded his legomobile, tut. though he pulled the throttle wide open, he had no time to set himself for a catch-Just as he clapped his maulets on the bail he went down, and before he came up he had turned a somersault that would have made a professional acrobat look like an imitation Panama. Smoot stood hopeless at second. Sebring soon got onto himself and untwisted. A toss to Brannfield, via Burke, completed the double play.

Wicker was very lucky in the next three innings, but in the fifth the Pirates opened a box of extra base labels and clouted the sphere unmercifully. Beaumont laid down

a second bunt, and turned it into a hit by fast sprinting. Clarke hit to Calboun, who forced Beaumont at second. "Tomy, the Wee," alias Leach, sawed off a hree-base hit to the far corner of left field, and Clarke hied himself around the sacks and registered.

hied himself around the sacks and regis-tered.

Sebring walloped the leather far into right center, so far that even Patsy Dono-van failed to get anywhere near it. On the strength of that clout, Leach ambled to the rubber. "Oom Paul" Kruser tied crepe on both Bransfield and Burke.

Wicker struck out two men in the sixth, but between curtains in the Gus Hill per-formance, Eddie Pheips put on a two-bay specialty and scored when Beaumont got his fourth hit. It was a short grounder to left, but the Rochester boy slid in under Barclay's throw.

Barclay's threw. LEEVER SPOILS A SHUT-OUT, Sammy Leever all this time was drawing eavily on his stuck of ciphers. The Buck-ye schoolmaster would have scored a shut-tut but for his own wild throw in the sixth

out but for his own wild throw in the sixth inning.

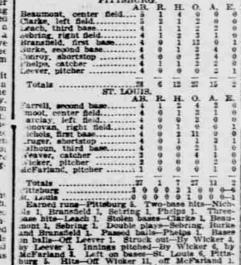

Farrell bunted and Leever fired the ball ic the pavilion, the runner going to third. Farrell was guilty of a stupio piece of baso rioning when he allowed Smoot to be fielded out at first without making an attempt to score. Barclay came to the rescree with a long fly to Sebring, which scored the solitary St. Louis run.

After McGarian got in there was nothing doing for Clark's buccaneers, while Leever niowed no bits after the sixth limits. In the ninth Nichola's muff and a tead throw of Weaver's to catch Beaumont stealing moked like bad buriness, but when Beau tiled to extend limself to third Smoot's throw to Calboun laid him out cold.

Back in second place once more, the Browns will try to fatten their percentage by winning four games from Detroit in the last series with the Tigers, which begins this afternoon at Sportsman's Park. As the Detroits will be here for only three days it will be necessary to crowd two games in one day and the double-header probably will be played to-morrow. Jonathan Poweil, who has not worked since last Saturday, will be the first twirier to buck the Tigers. Winnie Mercer is siated to oppose him. While the Browns are counting on four games from Detroit, it is not such a cinch after all, for the men of the City of Sore Straits put the business on Frank Donahue a week ago. Every now and then the Detroit team plays bill. After Detroit comes Cleveland.

The Cardinals and Pirates departed last night for Pittsburg. No game is scheduled until Thursday, but one day will be spent in travel and the teams will play a post-poned game to morrow. All the new x an were taken on the trip. The Donovanies will come back to League Park after the Pittsburg series and will face the rejuvenated Cincinnati Reds in a double-header next Sunday.

Though the crimp put in the Boston Americans by the Athletics yesterday gave the Browns a clear title to second place, the local team's chances would have been better if the Athletics had lost both, even though that would have kept the Browns in third place. The Philadelphia team now has the pennant practically cinched. The in third place. The Philadelphia team now has the pennant practically cluched. The Athletics have such a good lead that they can hardly be overtaken. They have finished the series that they dreaded most and won two out of three at Boston. They should have an easy time in their series with Washington, which begins at Philadelphia to-day. On home grounds the Athletics can beat the best of them. Delehanty, Orth and Townsend cannot play in Philadelphia, and with these players out of the games the Senators look to be up against it. The Athletics should whip the Boston Americans in the coming series at Philadelphia, while the Baltimore team is just as easy as money from home, even on Baltimore grounds.

The Browns will play off the postponed Cleveland games at Cleveland next Monday. They close here Sunday with the Lajolettes and are not due in Chicago until Tuesday, so they will journey to the Windy City by way of Cleveland.

Wyatt Lee, the Washington pitcher, will sign a life contract in the matrimonial league next week. He is to wed Miss Jennie Golden of Washington, D. C., on Wednesday, September 2t. Miss Golden resides at Eighth and E streets, Washington, and is a daughter of Mr. and Mrs. William Golden of the Monumental City. The bride-to-be's father will be remembered as an old-time minstrel.

minstrel.

A breeze from Pittsburg blows in the tale that Pat Donovan is wanted to manage the St. Louis Browns next season. If Donovan can be secured it is said to be a part of the American League plan to move Jimmy McAleer to New York to take charge of the team which the American will put in Gotham next season. Inasmuch as Donovan has already signed to manage the Cardinals, the story does not hang together, for when Patsy gives his word it is as good as his bond. Donovan's popularity has been a good drawing card at League Park this season, and if he were to go over to the American it would be a serious thing for the National League in St. Louis. There is no doubt that he could draw a fat salary on any club in the American League.

There is no longer any doubt that the

ary on any club in the American League.

There is no longer any doubt that the Brooklyn team will lose gome of its star players to the American. Frank Kitson and "Wild Bill" Douovan have signed with Detroit. Dwyer is hot after Bill Dahlen for his infield, and if he gets him, Elberfeld will get a chance to accept McGraw's offer of a berth with the Giants in New York. Strong pressure is being brought on Keeler to join the push that will flop to Detroit, and R his teammates desert "Wee Bill" may, too. With Millionnire Angus backing him up, Manager Dwyer is able to offer as much money for players as any one. Jack Ryan will play next year with the Cardinals. He came to terms with the man-agement last week and signed a 1903 con-tract Sunday.

Barney Dreyfuss says he has eighteen players under contract for next year. Six are new recruits. Barney probably includes in this list some of the men who are known to have signed American League contracts.

Will Give Church Fair. A meeting of the parishloners of St. Patrick's Church, East St. Louis, was held last night and plans were made for a church fair to be held this fall, the purpose being to raise money to pay off the cost of the repairs which have just been made. The repairs cost \$7,000.

PLAN TO NOMINATE BEGOLE BY OLD REPUBLICAN MACHINE

Younger Crowd, Which is Now in Power, Takes Steps to Frustrate the Arrangement.

An attempt on the part of friends of Senator Henry C. Begole in East St. Louis and elsewhere to fix up a deal whereby he will be renominated over the heads of the new Republican organization in Belleville, was discovered by the leaders of the new crowd yesterday and aroused all sorts of excitement in the political world on the

East Side. It was stated last evening that the move had been effectually checkmated and that Mr. Begole would not be renomithe move had been effectually checkmated and that Mr. Begole would not be renominated.

State Senator Begole belongs to the old machine of Believille, which was defeated by the young crowd of Republicans a few months ago, and again last week. Saturday night at the Believille City Convention the old machine men, although they were represented on the list of delegates to the convention, aid not show themselves. As a result the list of delegates to the convention, aid not show themselves. As a result the list of delegates to the convention contains names of men which are strange to the eyes of the politicians as delegates, but who have worked hard for their party. A rumor which apparently is well founded is that the machine men will leave the young men of the city to take care of the campaign this fall as best they can and after an expected defeat at the hands of the Democrats they will give the young men the blame.

The East St. Louis City Convention is to be held Thursday night of this week and the primarice are to be held Wednesday night. An effort was made by supporters of Senator Begole to round up all of his friends in East St. Louis and make an effort to place the unit rule on the delegation to be selected to go to the County Convention and to instruct for Senator Begole. The news soon reached Belleville, and County Clerk George K. Thomas, who is one of the leaders opposed to Begole, hurried to East St. Louis and laid down the law to a number of the East St. Louis leaders. As a result of the conferences of Thomas and other Republicans, it was stated last evening that the proposed combination would not be formed.

M. L. Munie of Belleville is the candidate for whom the Belleville delegates will vote for the nomination for State Senator.

A condemnation suit by the city of Belleville against B. J. West to acquire title to a strip of land running through West's property, and which had been converted into a sewer by the city, was dismissed in the County Court by Judge Perrin. According to admissions by the City Attorney, the ordinance was void, as the plans for the sewer had not been filed with the City Engineer until last Saturday, although the ordinance had been passed some time ago. City Attorney Tecklenburg says that he will apoeal the case.

Among the interesting results of his journey was the statement of the United, the Amagamated and the Anaconda Copper Mining Companies of Butte, Mont. that they proposed to make surpassing displays at the Exposition.

William Scallan, president of the Anaconda Copper Company, a \$1,30,00,00 corporation, told Mr. Reeves that the directory of the company had voted to make a very extensive exhibit at the Exposition. He was also informed by fully 30 of the 700 delegates to the international Mining Congress, held in Butte, that they would bring influence to bear on the Legislatures of their respective States to insure liberal exhibits.
